- Each Blu-ray or DVD includes full color label in clear cam shell case.
- \*DVD is NOT in HD due to the fact that DVD’s are not able to hold HD files as large as 25GB which the show was recorded in. That is why we are offering Blu-ray discs which do hold that amount of data. In order to get it on a DVD, the file had to be compressed and quality was lessened. Also, due to the length of the show, it had to be placed on a DVD+R Dual Layer (DL) disc. PLEASE make sure that your DVD player is capable of playing a DVD+R DL (Dual Layer) format. Older DVD players may not. All computers can and should be able to play this format.
- Blu-rays, DVD’s, Picture Disks will be distributed to the kids by Mrs. Scheirer at the school on or before May 18<sup>th</sup>. For Non-High School Student patrons, they will be mailed to you as soon as completed.
