

# PAG/NTC Parent Participation Tasks Volunteer Sign-Up Sheet

## “Thoroughly Modern Millie”

We are asking that you please select two “before show” and two “during show” committees where you would like to serve. We are still looking for a couple of Chairpersons for some of the tasks below so please mark the line as appropriate if you wish to become that chairperson. It is imperative that we have a chairperson(s) for each of the remaining tasks. In the areas below, please mark your top four choices by putting a 1-4 in the areas you wish to volunteer for. We will try to accommodate your choices as best as we can.

Alyssa Cholodofsky is the Coordinator for the task listed above. She will work with all of you to determine where you are needed the most and what nights that you would be available for these tasks; for example the various nights of the show and where you would be best suited or what days

or nights you can support the tech dinners. Because you sign up for one of these does not mean you will be working every night associated with that task.
